INDEPENDENT AUDITORS' REPORT

TO: The Board of Directors

We have audited the accompanying financial statements of the M.D. #52 Waste Management Authority, which comprise the statement of financial position as at December 31, 2016, and the statements of operations, changes in net assets and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Managements' Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

Basis for Qualified Opinion

As explained in Note 5, future site closure and post closure obligations cannot be reliably determined at this time, so adequate provision for these costs may not be recorded.

Qualified Opinion

In our opinion, except for the effect of adjustments, which might have determined to be necessary related to closure and post closure obligations, as described in the preceding paragraph, these financial statements present fairly, in all material respects, the financial position of the Authority as at December 31, 2016 and the results of its operations and cash flows for the year then ended in accordance with Canadian public sector accounting standards.

M.D. #52 WASTE MANAGEMENT AUTHORITY

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2016

1. NATURE OF OPERATIONS

The M.D. #52 Waste Management Authority is an unincorporated, para-municipal organization that operates a landfill site and transfer stations on behalf of its member municipalities and is governed by the Code of Practices for Landfills. The authority is funded by requisitions paid by member municipalities and by charges billed to users. Its intended community of service is Provost and surrounding areas. The authority is a non-taxable entity as defined in the Income Tax Act.

2. RECENT ACCOUNTING PRONOUNCEMENTS PUBLISHED BUT NOT YET ADOPTED

The following accounting standards have been issued by the Chartered Professional Accountants of Canada but are not yet effective. The authority is currently evaluating the effect of adopting these standards on their financial statements.

(a) Section PS 1201 – Financial Statement Presentation

This revised standard is effective in 2019, when sections PS 2601 and PS 3450 are adopted.

(b) Section PS 2601 – Foreign Currency Translation

This section establishes standards on how to account for and report transactions that are denominated in foreign currency in government financial statements and is effective for fiscal years beginning on or after April 1, 2019.

(c) Section PS 3041 - Portfolio Investments

This new section establishes standards on how to account for and report portfolio investments in government financial statements. This standard is effective for the 2019 fiscal year.

(d) Section PS 3450 – Financial Instruments

This section establishes standards on how to account for and report all types of financial instruments including derivatives. This standard is effective for fiscal years beginning on or after April 1, 2019.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the authority have been prepared in accordance with Canadian public sector accounting standards including the standards for not-for-profit organizations in sections 4200 to 4270 of the Chartered Professional Accountants of Canada Handbook.

The financial statements have, in management's opinion, been properly prepared within reasonable limits of materiality and within the framework of significant accounting policies summarized below.

(a) Measurement Uncertainty

The preparation of these financial statements in conformity with Canadian Public Sector accounting standards requires management to make estimates and assumptions that affect the reported amount of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the current period. These estimates are reviewed periodically and adjustments are made to income as appropriate in the year they become known.

M.D. #52 WASTE MANAGEMENT AUTHORITY

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2016

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

(a) Measurement Uncertainty - Continued

Amortization is based on the estimated useful lives of property and equipment. These estimates and assumptions are reviewed periodically and, as adjustments become necessary, they are reported in earnings in the periods in which they become known.

Significant areas requiring the use of management's estimates are future site closure and post closure obligations. The amounts of the obligations were estimated by management at December 31, 2016. Significant changes in the costs or timing of future site closure and post closure care could result in a change to this obligation.

(b) Cash and Cash Equivalents

Cash and cash equivalents consist of cash on hand, accounts with banks and term deposits. The authority's bank account pays interest at prime less 1.6%.

(c) Tangible Capital Assets

Tangible capital assets are recorded at cost, which includes all amounts that are directly attributable to acquisition, construction, development or betterment of the asset. The cost, less residual value, of the tangible capital assets is amortized on a straight-line basis over the estimated useful life as follows:

	YEARS
Buildings	25-50
Land Improvements	
Cell	2
Roadways	15
Retaining walls, screens and fences	20
Detention Pond	25
Water and test wells	25
Other engineered structures	25
Machinery and equipment	10-15
Vehicles	10

The annual amortization charge in the year of acquisition and in the year of disposal is pro-rated based on the number of months that the asset was in use during the year. Assets under construction are not amortized until the asset is available for productive use.

(d) Contributions of Tangible Capital Assets

Tangible capital assets received as contributions are recorded at fair value at the date of receipt and also are recorded as revenue.

M.D. #52 WASTE MANAGEMENT AUTHORITY

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2016

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

(e) Equity in Tangible Capital Assets

Equity in property and equipment represents the authority's net investment in its total tangible capital assets.

(f) Contaminated Sites Liability

Contaminated sites are a result of contamination being introduced into air, soil, water or sediment of a chemical, organic or radioactive material or live organism that exceeds an environmental standard. The liability is recorded net of any expected recoveries. A liability for remediation of a contaminated site is recognized when a site is not in productive use and is management's estimate of the cost of post-remediation including operation, maintenance and monitoring.

(g) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one party and a financial liability or equity instrument of another party.

The authority initially measures its financial assets and liabilities at fair value. The authority subsequently measures all of its financial assets and financial liabilities at amortized cost.

Financial instruments of the authority consist of cash, accounts receivable, GST receivable, term deposits, future site and post closure obligations and accounts payable. The carrying value of the cash, accounts receivable, term deposits and accounts payable approximate their fair values due to their short maturities. The fair value of other assets and liabilities is disclosed if it is readily obtainable.

Financial assets measured at cost are tested for impairment when there are indicators of impairment. The amount of any write-down would be recognized in net income.

The authority recognizes its transaction costs in net income in the period incurred. However, financial instruments that will not be subsequently measured at fair value are adjusted by the transaction costs that are directly attributable to their origination, issuance or assumption.

It is the policy of the authority not to disclose fair value information about financial assets and liabilities for which fair value is not readily obtainable.

(h) Contributions

Contributions are recorded using the deferral method. Restricted contributions related to expenses of future periods are deferred and recognized as revenue in the period in which the related expenses are incurred. All other contributions are reported as revenue of the current period.

M.D. #52 WASTE MANAGEMENT AUTHORITY

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2016

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

(i) Revenue Recognition

The authority recognizes revenue when it is realized or realizable and earned. The authority considers revenue realized or realizable and earned when services have been provided to a customer, the price for the services is fixed or determinable and collection is reasonably assured.

4. TANGIBLE CAPITAL ASSETS

	Cost	Accumulated Amortization	2016	2015
Land improvements	\$ 46,627	\$ 46,627	\$ -	\$ -
Engineering structures	551,586	507,406	44,180	89,062
Buildings	277,072	193,245	83,827	88,516
Equipment	<u>592,394</u>	<u>331,975</u>	<u>260,419</u>	<u>290,086</u>
	<u>\$ 1,467,679</u>	<u>\$ 1,079,253</u>	<u>\$ 388,426</u>	<u>\$ 467,664</u>

5. FUTURE SITE CLOSURE AND POST CLOSURE OBLIGATIONS

The present value of potential reclamation costs have been estimated at \$75,948. The liability is increased annually based on the amount of waste added to the site. The estimated length of time needed for post-closure care is undetermined. Funds needed for closure and post-closure are expected to be obtained through tipping fees and annual requisitions from member municipalities. Future costs may include drainage control, water quality and leachate monitoring, and final cover and vegetation.

Effective December 2009, the Board of Directors approved a motion to set aside \$2.50 per tonne into a reserve for reclamation and post closure care each year. The Board of Directors will review this policy every four years.

6. RESTRICTED NET ASSETS

	2016	2015
Bin replacement	\$ 21,314	\$ 15,603
Environmental liability	184,342	169,517
Equipment replacement	124,877	83,640
Future site replacement	42,456	36,536
Landfill restricted	62,627	32,354
Operating	3,149	3,117
Transfer site	25,740	(29,067)
Trench	<u>39,390</u>	<u>-</u>
	<u>\$ 503,895</u>	<u>\$ 311,700</u>

The amount of cash and cash equivalents is sufficient to fund restricted net assets, but no specific cash balances have been set aside.

M.D. #52 WASTE MANAGEMENT AUTHORITY

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2016

7. RELATED PARTY TRANSACTIONS

During the year, the authority received requisitions of \$411,893 (2015 - \$384,642) from its member municipalities.

Included in accounts payable is the amount of \$13,147 (2015 - \$19,906) due to a member municipality in the ordinary course of operations at normal trade terms.

The amounts are recorded at exchange amount which is the amount agreed to by the related parties.

8. ECONOMIC DEPENDENCE

The authority relies on requisitions received from its member municipalities. Without these requisitions the authority's ability to operate would be questionable.

9. FINANCIAL INSTRUMENTS

The authority is exposed to various risks through its financial instruments. The following analysis provides a measure of the authority's risk exposure and concentrations at year end.

Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk. It is management's opinion that the authority is not exposed to significant market risk.

Credit Risk

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. The authority's accounts receivable are subject to normal industry credit risks. The carrying value of accounts receivable reflects management's assessment of the credit risk associated with these customers.

10. COMMITMENTS

The authority has a collection contract with Prairie Trail Disposal, which is in effect until June 30, 2017. The authority is paying \$17,460 plus applicable GST per month under the terms of the contract.

The authority has agreements with transfer site contractors to provide services as required. The agreements do not have a specified date of termination.
